

Aashmita Tiwari

B.Tech Computer Science Engineering (2024–2028)

Madhya Pradesh, India

Phone: 9098280466 Email: tiwariaashmita@gmail.com

LinkedIn: linkedin.com/in/aashmita-tiwari GitHub: github.com/aashmita

Profile

B.Tech Computer Science undergraduate with strong foundations in Data Structures, DBMS, Operating Systems, and Computer Networks. Full-stack developer experienced in building scalable applications from scratch with a focus on efficiency, structured design, and real-world problem solving.

Education

Bachelor of Technology – Computer Science Engineering

2024–2028

CGPA: 8.63/10 (till 3rd semester)

Class XII (CBSE): 80.6%

Class X (CBSE): 94.8%

Technical Skills

Languages: C++, Python, Java

Core Concepts: Data Structures, DBMS, Operating Systems, Computer Networks, OOP

Technologies: Full Stack Development, Firebase, Android Development

Tools: Git, GitHub, VS Code, Arduino IDE, Cisco Packet Tracer

Domains: Web Development, IoT Systems, Networking Fundamentals

Projects

Advora – Classified Ads Aggregator Platform

- Developed a platform to digitize and aggregate local classified advertisements with advanced search and filtering
- Integrated Firebase for authentication and backend data handling
- Improved accessibility and usability of local ad systems in tier-2 and tier-3 cities

Online E-Voting System (Web Application)

- Built a secure web-based voting system with authentication and vote validation
- Focused on transparency, reliability, and real-time data handling

Voice-Based Command Line Shell (Operating Systems Project)

- Designed a voice-controlled interface for executing system-level commands
- Integrated speech input processing with command execution logic
- Demonstrated practical understanding of OS-level interactions and automation

Screen Guardian – Arduino-Based Smart System

- Developed a sensor-based embedded system integrating servo motors and control logic
- Combined hardware and software for interactive user behavior

Graph Algorithms Visualizer

- Implemented Kruskal's MST and Floyd-Warshall algorithms with interactive input
- Strengthened understanding of graph optimization and algorithm efficiency

Experience & Leadership

TEDx Avantika University 2026 – Curation Team (Top Performer)

- Recognized as a top performer for content curation and speaker coordination
- Developed strong communication, research, and cross-team collaboration skills

Abhoday 2026 Alumni Meet – Core Team Member & Anchor

- Led anchoring and stage coordination during the alumni meet event
- Managed event flow, audience engagement, and on-stage execution

Robotics Club – Active Member

- Worked on obstacle avoidance, line-following, and human-following robots
- Collaborated in teams for planning, testing, and execution

Achievements

- Secured **3rd Prize** in AI Hackathon (E-Cell)
- Secured **3rd Prize in Best Pitch** at E-Cell AI Hackathon
- Placed in **Reserved List** for Eureka Europe Ready Challenge with positive evaluation feedback
- Participated in Smart India Hackathon (SIH) 2025
- Competed in VOID Hacks (24-hour Hackathon) 2025

Soft Skills

Problem Solving Team Collaboration Leadership Adaptability Systems Thinking
